Milton, Oregon

---

Our prices are not the lowest but our stock is of the best. BE CAREFUL OF NURSERY STOCK AT LOW PRICES. In nearly all cases it is inferior stock, poorly graded, and the low price was an inducement to get you to take it. It takes years to find out you have been handed a lemon. This doesn't pay as the difference in price for good, guaranteed trees will be forgotten long before the trees come to bearing age.

## ROSES

When you buy our Roses you get with them permanent satisfaction. This satisfaction is based on the fact that our Roses are grown on OWN ROOTS. They grow and bloom, year in and year out. If you want the best, buy own-root roses, not budded plants which are unsatisfactory and short lived. Our selection is of the best.

## PEONIES

The list of Peonies we offer has been carefully selected, and we have chosen only such varieties as are of good quality and value. We send out strong divided roots, with three to five eyes, which, with proper care, will bloom the first season planted. It is better to plant Peonies during the Fall season.
